## Manuscript Formatting via CSS: The Short Story (typical)

*This is an **epigraph**. Some stories, parts, chapters, and even scenes will kick off with an epigraph.*

This document is an example of a typical short story. It has no parts or chapters, just scenes. Many of my super shorts (the 2000 word range and shorter) have only one scene. Also notice the auto-inserted **dinkuses** between the scenes and the **-30-** marker at The End.
